Your Plan for Action

From Action Plan to Implementation: Achieving Your Goals

I am committed to protecting the health of my staff, students, community and the environment by implementing effective, financially sustainable green cleaning practices.

The results I am excited to achieve are:

The near-term actions I will take to apply the best practices I learned are:

- Apply for the Green Cleaning Award for Schools & Universities
- Identify and join local organizations
- Advocate for green cleaning at the local, state and federal level
- Join greencleanschools.org to learn about

In order to demonstrate my leadership in the Green Clean Schools Movement:

- Future events and resources to support my green cleaning efforts
- Follow up with two people I have met at this event and continue the conversation.

The Green Clean Schools Movement can count on me to:
