Drinks at 6:30 p.m.; Dinner at 7:00 p.m.

## Friday, July 31

### 8:00 - 8:30 a.m. Check-In and Breakfast

### 8:30 a.m. Engineered Water

What role can on-site generation technology play in your green cleaning program? Our panelists will discuss the new technologies some schools are embracing to reduce the environmental footprint of their cleaning programs.

### 9:45 a.m. Break

### 10:00 a.m. Workforce Engagement and Training

What are the best practices for sharing a green cleaning vision with your workforce and getting buy-in from staff? Our panelists will highlight training programs that engage workers, promote leadership, and drive high levels of adoption in their green cleaning programs.

### 11:15 a.m. Break

### 11:30 a.m. Envisioning Your Future Cleaning Program

In a world of budget cuts and shifting priorities, how do you move your green cleaning program forward? What will your program look like five years from now? Mike Sawchuk, Commercial Sector Business Manager at UL Environment, will lead a discussion on how school leaders can overcome obstacles to support health and sustainability in your cleaning programs.

### 12:45 p.m. Lunch

### 1:15 p.m. Supporting Schools Going Green

What role can we all play in supporting education, awareness, policies or other issues to promote sustainable and healthy cleaning programs for all schools? Rochelle Davis, Healthy Schools Campaign President and CEO, will lead a discussion on strategies to increase the adoption of green cleaning and how our efforts can extend beyond our two days in Seattle.

### 2:45 p.m. Closing Remarks

### 3:00 p.m. Adjourn
